OUR DESIGNERS

The design of a product determines its DNA, and is therefore the most important step in its conception. With this in mind, we engage the talents of carefully selected external designers to complement the work of our in-house design team. The result is a wide range of characterful products, rich in variety and always stylish and refined.

FRANK BOSCHMAN

Le design d'un produit définit son ADN. C'est donc l'étape cruciale de sa conception. Bien conscients de cela, nous faisons appel aux compétences de designers extérieurs soigneusement sélectionnés qui travaillent en complément de notre équipe interne de création. Il en résulte une importante collection de créations pleine de caractère, variée, toujours élégante et raffinée.

Das Design eines Produktes bestimmt seine DAN, und ist deshalb der wichtigste Schritt in dessen Entwicklungsprozess. Mit diesem Hintergedanken engagieren wir talentierte und sorgfältig ausgewählte externe Designer, um die Projekte unseres IN-House-Designteams zu ergänzen. Dadurch haben wir eine Reihe von aufregenden Produkten und eine sehr große Varietät von unterschiedlichen Stilen, die jedoch immer sehr geschmackvoll und raffiniert sind.

MATHIAS DE FERM

“GOOD DESIGN IS A LANGUAGE, NOT A STYLE”

Massimo Vignelli
1931-2014

Het ontwerp van een product bepaalt het DNA ervan, en is daarom de meest belangrijke stap in zijn totstandkoming. Met dit in gedachten, vragen we aan nauwkeurig gekozen externe ontwerpers, om samen met ons intern ontwerpersteam het ontwerp verder op punt te stellen. Dit resulteert in een uitgebreid gamma van karakteristieke producten, zeer gevarieerd en immer stijlvol en verfijnd.

PIERRE STELMAZYK

GUSTAV STÖRM

El diseño de un producto determina su ADN, por lo tanto, es el paso más importante en su creación. Con esto en mente, contratamos los talentos de diseñadores externos cuidadosamente seleccionados para complementar el trabajo de nuestro equipo de diseño interno. El resultado se traduce en una amplia gama de productos característicos, ricos en variedad y siempre elegantes y refinados.

ERIK NYBERG

Il design di un prodotto determina il suo DNA ed è quindi il passo più importante nella sua concezione. Per questo motivo integriamo i talenti di designers esterni, attentamente selezionati, al lavoro del nostro team di progettazione interno. Il risultato è una vasta gamma di prodotti caratteristici, variegati e sempre eleganti e raffinati.
