

Let's go
outside

VINCENT
SHEPPARD

The best stories
evolve when
you sit down
and talk.

OUR PHILOSOPHY

We are convinced that shared moments outdoors are the ones which will last a lifetime. Be it playing with your children in the garden, spending a lovely afternoon on a cosy terrace, or relaxing by the pool on holiday. The hours and days spent under the open sky will be amongst your most precious memories.

Therefore, Vincent Sheppard created an outdoor collection to accommodate those moments of happiness. With a conscious mindset and passion for skilled craftsmanship, we aim to create timeless furniture which will enhance your outdoor space. Enabling you to put your own stamp on your environment by choosing for unique designs which are meant to last.

By combining Belgian design with the rich Indonesian weaving tradition, we are able to present beautiful outdoor pieces to be treasured now and forever. We offer an all-weather furniture collection, which can be left outside all year long, and a range of outdoor Lloyd Loom products which allows you to bring the distinct look of Lloyd Loom furniture outside. Made with care from Belgium to Indonesia and back.

To enjoy your moments.

The Vincent Sheppard team

TECHNICAL INFORMATION

TEAK

Teak is a tropical hardwood which is known for its strength and durability. Our teak furniture is delivered untreated and will develop a beautiful silvery grey patina. Clean your table once a year with warm soapy water to discourage moss. If you wish to protect your furniture against stains, we recommend treating teak furniture with a teak sealant. As teak is a natural product, small cracks may develop over time.

ALUMINIUM

Aluminium is a light-weight material which is mainly used as an alternative for steel. Aluminium has a self-protective layer, which prevents corrosion and makes this material very suitable for outdoor applications. Our aluminium furniture is powder coated, which enables us to offer a wide variety of colours. On top of that, it is super easy to maintain. A quick wash with a non-foaming mild detergent every now and then is all it needs!

SYNTHETIC WEAVE

For our all-weather outdoor collection, we use multiple synthetic materials, including polyethylene, polypropylene, and HDPE wicker. All our synthetic materials are specifically designed to withstand any weather conditions, are UV-resistant, and can be left outside all year long. We recommend giving them a quick wash when dirty or every three months with a non-foaming mild detergent.

100% SOLUTION DYED ACRYLIC

- may be machine-washed at 40°C
- may be tumble dried
- may be ironed, ironing temperature should not be higher than 110°C
- the fabric may be treated with bleach
- may be dry cleaned

ACRYLIC ROPE

- may be machine-washed at 40°C
- may be tumble dried
- may be ironed, ironing temperature should not be higher than 110°C
- the fabric may be treated with bleach
- may be dry cleaned

POLYPROPYLENE ROPE

- may be machine-washed at 40°C
- may be tumble dried
- may be ironed, ironing temperature should not be higher than 110°C
- the fabric may not be treated with bleach
- do not dry clean

CERAMIC

Ceramic requires little to no maintenance, yet offers maximum resistance. The material preserves the natural look of stone and offers top of the chart convenience. Ceramic is scratchproof, UV-resistant, stainproof, and resistant to fire and high temperatures. Use pure water or a cleaning solution without soap for ceramic surfaces to clean the table. Please do not use soap.

OUTDOOR LOOM

Lloyd Loom weave is made from twisted Kraft paper on the one hand, and Kraft paper spun around a steel wire on the other hand. In order to be able to use Lloyd Loom for outside furniture as well, a specific technique was developed to make the material waterproof. Our outdoor Lloyd Loom models can thus simply be left outside, although we recommend storing them inside during cold or rainy periods.

CUSHIONS

From snuggling between soft pillows to enjoying a dinner party on a lovely dining chair with seat cushion. Comfortable cushions take your seating experience to the next level.

Vincent Sheppard uses high-quality materials and relies on advanced textile technologies to create its cushions. Our fabrics are water-repellent, breathable, and UV-proof. The cushion's cores consist of outdoor foam, enabling you to leave them outdoors during any weather condition. Still, we recommend storing your cushions for the winter or when not in use for long periods.

100% POLYOLEFIN

- may be machine-washed at 40°C with extra care
- do not tumble dry
- may not be ironed
- may be treated with bleach
- do not dry clean

MIX OF MATERIALS

- may be machine-washed at 40°C with extra care
- do not tumble dry
- do not iron
- do not bleach
- do not dry clean

OUTDOOR HPL

HPL or high-pressure laminate is a very sturdy material which consists of different layers which are pressed together under a high temperature. As a result, the material is very durable and UV-resistant. HPL is used for our table tops and can be used indoors as well as outdoors. The table tops do not require any maintenance except for a quick wash every now and then.

STEEL

Steel is mainly used for the legs and frames of our furniture pieces. For the outdoor pieces, the steel is always galvanized and powder coated to make sure it is protected from all weather influences.

RUGS

Vincent Sheppard outdoor rugs are made of polyester fibres. The high-performance rugs are dirt and water-repellent, and are thus easy to maintain. Use a high-pressure water hose to clean spots and blot dry afterwards.

Nearly all our cushion covers are removable which makes them look brand-new after a wash. As every fabric has its own characteristics, different washing instructions apply.

PROTECTIVE COVERS

In order to protect your furniture and keep maintenance minimal, we have developed special protective covers.

The covers are made of 100 % polyurethane and have welded, not stitched seams. Consequently, the covers are 100 % waterproof.
